Gosnold to Expand Community-Based Counseling Services

In an effort to serve a wider geographic area in outer and lower Cape areas, Gosnold, Inc. plans to identify and secure a variety of new sites, co-located with community partners and organizations, to afford greater access to services for the treatment of substance use and mental health challenges. In order to bring individual and group counseling services closer to rural communities, Gosnold will no longer offer site-based services at 179 Route 6A in Orleans, MA.

Effective May 30, 2019, Gosnold will close its site at 179 Route 6A in Orleans and launch a new and well-integrated service approach. Our community-based, integrated mental health and substance abuse services will promote greater convenience and improved access for existing and future patients.
